IIAEIT PUNE

B.Tech Avionics Engineering

IIAEIT – Shaping Future Aerospace Engineers

www.iiaeit.org

Key Offering / Core Value

- Specialized aviation electronics program
- Industry-focused avionics education
- Exposure to aerospace and defence technologies
- Career-oriented engineering pathway

Features / Benefits

- Aircraft communication systems
- Navigation and control technologies
- Aviation electronics applications
- Practical and project-based learning

Why IIAEIT?

- Specialized aerospace and aviation institute
- Industry-oriented engineering curriculum
- Modern laboratories and technical infrastructure
- Focus on practical aerospace education

Career Scope & Opportunities

- Avionics Engineer
- Aircraft Systems Engineer
- Aerospace Electronics Specialist
- Aviation Maintenance Professional

IIAEIT – INDIAN INSTITUTE FOR AERONAUTICAL ENGINEERING & INFORMATION TECHNOLOGY

Address : Shastri Campus, Survey No. 85, NDA Road, Shivane, Pune – 411023, Maharashtra, India
